Classroom Management for Teachers is designed to help teachers with the following challenges:

- ★ Identifying confidently which inappropriate behaviors to respond to and which to ignore
- ★ Preventing inappropriate behavior from happening in the first place.
- ★ Encouraging on-task behavior
- ★ Looking for and appreciating students who are on task
- ★ Teaching students to behave appropriately
- ★ Managing behavior intentionally and keeping problem students in the classroom
- ★ Avoiding common teacher traps
- ★ Managing behavior scientifically rather than relying on what seems appropriate at the time
- ★ Outlines for observing and learning from other teachers
- ★ Setting up routines and procedures to make the learning day go more smoothly

Additionally, in the bonus content learners will know:

- ★ Strategies for reducing workload at home
- ★ The principles of human behavior
- ★ Ideas for making each teaching day enjoyable for both teacher and student
